**2011**  
**MARYLAND BOYS STATE**

Boys State is an objective citizenship training school in which the nation's young leaders gain a valid concept of the operations, ideals, functions and goals of government.

Boys State developed from an idea that youth should be offered a better perspective of the practical operations of government; that the individual is an integral part of, and commensurately responsible for, the character and success of government. The phenomenal growth of the movement is attributable in large measure to the laboratory method of teaching practical political science.

The Boys State program is characterized by self imposed duties, responsibilities, rules, regulations, practices and customs which are essential to the maintenance of an orderly society and government.

A few of the objectives of Boys State are:

- To provide an opportunity to learn, understand and practice the basic principles underlying the representative form of government.
- To arouse in young citizens the desire to maintain our form of government with its guaranteed freedoms.
- To teach young leaders to make decisions in line with reason.
- To develop civic leadership and interest in governmental affairs.
- To instill in the youth, the knowledge that American citizenship is a priceless possession with responsibility to the same degree.

**TO THE CITIZENS OF MARYLAND BOYS STATE**

You are here to learn about American citizenship, your priceless heritage. How much you learn and the value of the training to you depends largely upon your personal attitude and effort. The men and women who teach you here are holders of the office about which they lecture. All have volunteered to serve on our faculty because of their belief in the future of America and appreciation of the value of being an informed American citizen. Pay strict attention to their presentations.

The American Legion, Department of Maryland is happy to have the opportunity of working with all the individuals, organizations, and services who have so generously contributed of their time, effort and money toward Boys State. Organizing and producing Boys State calls for the closest cooperation. The Director acknowledges that this Boys State is the direct result of such work and spirit. We are especially grateful to the United States Army, Navy, Marine Corps, Coast Guard and Air Force for their help.

Preamble to the Constitution of the United States

856 J. R. Rosen - Boston

Drawn by the late J. R. Rosen, printed courtesy *The American Legion Magazine*

## BOYS STATE CREED

American citizenship is my most precious possession. I believe in the constitutional form of government of The United States of America which guarantees me the right to worship God as I choose and, as a citizen, equal opportunity and equal educational rights.

It is my obligation to participate in, and contribute to, the civic and political welfare of my community, state and nation.

I resolve to learn and understand the civic needs and government of my community. I hereby dedicate myself to the task of arousing and maintaining a like interest in my fellow citizens, young and old.

May the memory and experience of Boys State be ever with me as a reminder of my obligation to my country.

## BOYS STATE PLEDGE

As a citizen of Boys State I voluntarily pledge the following:

I shall secure permission from my Counselor before leaving the Boys State campus for any reason. I shall not visit other Boys State Cities without permission.

I will obey the rules and regulations of Boys State and instructions given by the Director or any of the Staff.

I will take a serious and conscientious interest in discharging my duties as a citizen of Boys State. I recognize that the schedule is a very busy one, requiring utmost cooperation, alertness and extreme punctuality at all times.

I will adhere to the program of Boys State, participating in activities as scheduled, with the understanding that I am to attend all sessions, unless previously excused.

I shall serve, if elected or appointed to office, to the best of my ability. I will serve wisely and well, not abusing my authority.

I will not form injurious habits and will not use, nor tempt other citizens of Boys State to use alcoholic beverages, drugs or tobacco in any form while attending Boys State.

I shall make a report to my sponsor, or sponsors, of my impressions of Boys State after my return home.

I will protect and conserve all property of Boys State, also the property and grounds of McDaniel College. I will not trespass in any area marked or designated "Off Limits".

I will keep my quarters, and the Boys State campus, tidy and clean at all times so that visitors will be impressed with the general appearance of Boys State at all times while I am a citizen therein.

I shall remain quiet and orderly and will not participate in rowdy activities after "lights out".

I shall respect the rights of my fellow citizens of Boys State.

Signed: \_\_\_\_\_ Citizen, Boys State 2011

Preamble of the Constitution of The American Legion

Preamble to the Constitution

For

**God and Country**

we associate ourselves together for the following purposes

To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred percent Americanism; to preserve the memories and incidents of our associations in the Great Wars; to inculcate a sense of individual obligation to the community, state and nation; to combat the autoeracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

*J. R. Rivers - Boston*

## **RULES**

1. No citizen shall obtain or retain firearms, fireworks or explosives in his possession. Any found shall be turned in to the Director.
2. No citizen shall use alcohol, tobacco or drugs at any time, anywhere, during Boys State.
3. No citizen shall operate an automobile while at Boys State.
4. No citizen shall participate in games of chance, or in any form of gambling while at Boys State.
5. No citizen shall be offensively boisterous or rowdy in his personal conduct while at Boys State, either on the campus or away.
6. No citizen shall trespass in any portion of any building not definitely assigned to Boys State; nor in any "Off Limits" area.
7. Any illness or injury, however slight, must be reported immediately to the Medical Officer.
8. Rules and/or Regulations may be changed, modified or promulgated without any notice other than their announcement at a Formation or Lecture Period. They shall take effect immediately in this event.

## **CITIZEN'S OBLIGATION**

Self-government is not a luxury upon which men grow fat and indulgent. Rather it is an instrument by which men can, if they have the wisdom, safeguard their individual freedom and employ that freedom in pursuit of happiness and fair reward for the fruits of their efforts, the energies and the participation of those who would benefit by it, self-government is weighed as heavy with obligation as with privileges.

## **PLEDGE OF ALLEGIANCE**

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with Liberty and Justice for all.

## The American's Creed

### *The American's Creed*

by William Tyler Page

"I believe in the United States of America as a Government of the people, by the people, for the people; whose just powers are derived from the consent of the governed: a democracy in a republic: a sovereign nation of many sovereign States; a perfect union, one and inseparable; established upon those principles of freedom; equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it:  
to support its Constitution; to obey its laws:  
to respect its flag; and to defend it  
against all enemies."

## THINGS TO KEEP IN MIND

Politics is the art of gaining and maintaining control of government in an orderly, law abiding manner.

He who controls the emotions of man may control the man.

He who controls the emotions of an area may control that area.

He who controls the emotions of a nation may control that nation.

He who controls the world's most powerful nation may eventually control the entire world.

Any man who has loved a woman, with the resulting inspiration, knows this to be true. Any man who moves his hands and feet to the rhythm of music knows this to be true. Any man who experiences a beautiful day in the countryside early in Spring; a new father, even a winner at the racetrack, all know this to be true. Dictatorships all recognize this first rule of control but Democracies sometimes forget it. You must remember to apply this wondrous principle for the preservation of that great emotion without which there can be none of the others.

## FREEDOM

Discuss what you have learned here with your parents and friends. Above all urge your parents and relatives to vote in every Primary and General Election. He who does not use his franchise may cause all of us to lose ours.

\* \* \*

When the bugler sounds "TAPS" we ask that you consider for the moment the millions of Americans who sacrificed their lives in all of the wars so that we might enjoy days such as *these in freedom and dignity.*

## DO MIGHTY THINGS

"Far better it is to dare mighty things, to win glorious triumphs, even though checked with failure, than take rank with those poor spirits who neither enjoy nor suffer much, because they live in the grey twilight that knows not victory nor defeat"

*... from an address by Theodore "Rough Rider" Roosevelt, 26th President of the United States of America from 1901 through 1908.*

## BOYS STATE HISTORY

In 1934 Illinois Department Adjutant Bill Mundt, Hayes Kennedy of Loyola University Law School, Grover Sexton, a Chicago attorney, and Legion Boy Scout Chairman Harold L. Card were talking together at the Illinois American Legion Convention. They decided to establish an Americanism-Citizenship training program to combat the inroads being started by the youth organizations of the Nazi and Soviet friendship groups here in the U.S.A.

The first Boys State was held at the Illinois Fair Grounds in June 1935. The boys were quartered in cattle barns; one enterprising student wrote home that he was Cow 34 in Stall 16 (you see, right from the beginning each student was required to write a letter home).

The 1935 National Convention, held in September, reported upon the success of the Illinois program and recommended that all American Legion Departments adopt the program.

In Maryland, plans were laid to start up, but the intervention of World War II, travel restrictions and lack of space put our program on hold until a complete study was made and visits to other Boys States conducted in 1946.

June 1947 saw the first Maryland American Legion Boys State. It was held at Fort George G. Meade and had 36 boys enrolled. Earle R. Poorbaugh, a World War I soldier and holder of the Silver Star among other decorations, was the Director. Earle remained Director until June 1955 when Woodrow W. Bousman took over. Boys State was held at Saint John's College in Annapolis that year.

Upon Woody Bousman's illness, E. Donald Darr became Director, followed by William Hastings. In 1958 Daniel Burkhardt was named Director, holding the office until 1987. In 1987 Raymond Callegary, a Past Department Commander and renowned Maryland lawyer, became Director of Boys State. Through Mr. Callegary's efforts the program has been modernized and updated.

Maryland Boys State graduates have become Doctors, Lawyers, Educators, Political Office Holders, Armed Forces members and officials of government and industry. Diversification is as wide as one Boys State Governor (Tom Smith, 58-59) being head of a university department and another (Thurl Bailey, 78-79) being a professional basketball star. Several graduates have heeded the call to the ministry; some are Priests, some are Protestant Ministers and one is a Rabbi.

If you listen while at Boys State, you should learn enough to help you make up your mind as to what you are going to do with your own future.

Behind all the stress and discipline, the matters you may not understand at the time, is a genuine effort on our part to assist you to become better citizens, to make you better informed and to expose you to a great variety of knowledge.

What you do with it is up to you . . .

---

---

Part of the spiritual legacy that General of the Army Douglas MacArthur left to his son Arthur was a prayer. The General wrote it during the desperate early days of the Pacific war:

By GEN. DOUGLAS MacARTHUR

*Build me a son, O Lord, who will be strong enough to know when he is weak, brave enough to face himself when he is afraid; one who will be proud and unbending in honest defeat, humble and gentle in victory.*

*Build me a son whose wishes will not take the place of deeds; a son who will know Thee — and that to know himself is the foundation stone of knowledge.*

*Lead him, I pray, not in the path of ease and comfort, but under the stress and spur of difficulties and challenge. Let him learn to stand up in the storm; let him learn compassion for those who fail.*

*Build me a son whose heart will be clear, whose goal will be high; a son who will master himself before he seeks to master other men; one who will reach into the future, yet never forget the past. And after all these things are his, add, I pray, enough of a sense of humor so that he may always be serious yet never take himself too seriously. Give him humility, the simplicity of true greatness, the open mind of true wisdom and the meekness of true strength.*

*Then I, his father, will dare to whisper, "I have not lived in vain."*
